

Genre Personality Quiz #1

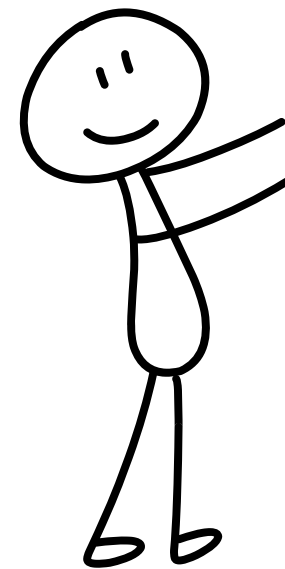

Find the genre that best fits you!

10. Someone asks you out on a date. As you're getting ready to leave what runs through your head?

They better not try anything crazy. This date is gonna be **MAGICAL!** You're gonna have a great time because you plan on being the center of the party. Eh. You don't mind the idea of romance, but you're not really looking for it. You're just gonna try to have fun. You know you **SHOULD** experience things that others do, but honestly, you don't really know why people do this whole dating thing to begin with.
